

DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Sunday, 26 September 2021 at 03:55 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: With a south-southwest flow bringing clean Atlantic air across the British Isles, Low levels of air pollution are expected across all parts.

Tomorrow: Increasingly unsettled and often windy conditions are forecast for Monday, with air pollution levels expected to remain Low.

Outlook: Unsettled autumnal weather is likely to continue well into next week, with Low levels of air pollution expected to continue.
